

## Nakupenda (Spanish Edition)

A young Englishwoman named Andy is forced by her adoptive parents to marry a landowner man she does not nor wants to know and settle down with him in Africa. Once there, everything around her is violent, and she spends her days inside without speaking to anyone and plotting against her rude suitor. However, her situation in this dark time dramatically turns upon meeting an attractive, blonde young man. Nakupenda is a romantic suspense novel that maintains the narrative through time jumps that allow the reader a chance to put all the puzzle pieces together.
